

# Dmitri Gornakov

## Full-stack developer

### WORK PERMIT

Citizenship: Estonia, No restrictions to work in EU, Willingness to relocate

### SUMMARY

Full Stack Developer & Product Designer with experience in software architecture, AI-driven automation, and data-driven decision-making. Skilled in front-end and back-end development, with a focus on ML & AI for business intelligence. Strong leadership, analytical thinking, and user-centric design approach. Passionate about creating intelligent solutions that optimize business processes.

### EXPERIENCE

#### Graphic Designer Coolbet | GAN | Sega Sammy

Jan 2022 - Apr 2024 - 2 years, 3 months Tallinn

Implemented innovative solutions aimed at improving user experience and enhancing advertising campaigns through visual 3D elements in close cooperation with the chief brand manager.

#### Front-End Developer winz.io (Gepard Media)

Jan 2021 - Dec 2021 - 1 year, Tallinn

Self-taught Angular used best practices to design and implement dynamic and functional web pages improving user interaction with content.

#### Developer | Creative Designer FC Levadia Football Team

Aug 2018 - Jul 2019 - 1 year, Tallinn

Used video editing, animation and visual effects skills to create a promotional video for the Real Madrid vs Atlético match in Tallinn, which in a few hours became more popular on YouTube than all the videos created by the FC Levadia team in the entire history of the club.

### EDUCATION
